

## DOI - Transport Infrastructure – for 2024/6/7 @ 09:00

### Highlights since the previous report

The road between Oudtshoorn and De Rust (N12, TR33/3) has been reopened to traffic. Currently the affected section has a temporary seal in place and road users are reminded of the reduced speed limited at this section till the final seal is in place.

The road linking Citrusdal to the N7 has also been reopened. Traffic is still throttled while the various layers dry out.

### Safety notice for all road users

Please obey all road signs – they are there for very good reasons. If you are driving and come across flooded roads, please take great care. If the water is too deep for you to see the roadway, turn around and take another route. Where roads are underwater, the roadway may have been damaged or washed away. There may be obstacles under the water you cannot see. Water flow may be strong enough to wash your vehicle away. Keep yourself and your loved ones safe on the road.

### Legend for colour-coding

- **Red:** Closed
- **Orange:** One lane/Partially open
- **Blue:** Local access only
- **Green:** status changed to Open

### Overberg District Municipality

- R316, TR29/1, Bredasdorp/Napier road
- R316, TR29/2, Arniston road
- R317, MR265, Stormsvlei road

- DR1098, Protea road
- DR1398, Slanghoek road - Low water structure over Breede River
- DR1341 Die Plaat road
- DR10397 Merwe street

### Cape Town

- Chapmans peak

### Tips in times of high rainfall/floods

- If you live in a low-lying area, you may be affected by sudden floods. Monitor the rising water levels and evacuate earlier rather than later to higher spot which may be safer
- When driving on a road, avoid driving through flooded areas
- Avoid crossing low-lying bridges, streams, rivers and causeways – never cross flooded roads or bridges
- No matter how shallow, do not try to swim, walk or drive through fast flowing water
- Monitor weather alerts in the media (TV and radio)
  - Only trust social media posts from reputable sources and be aware of fake news
- Keep important documents in water-resistant containers
- Ensure that your mobile phone is charged and close to you in case you need to make or receive emergency calls

### Legend for road naming conventions

Names and number of roads are linked to the **route** or **road class**.

For ease of reference, this report mentions route numbers, road number and the name it is locally known as.

#### Route numbers

- An “N”-route is a national route

- An “R”- route is a regional/provincial route

*Provincial Road Number*

- TR (Trunk Road/ “Grootpad”)
- MR (Main Road/ “Hoofpad”)
- DR (Divisional Road/ “Afdelingspad”)
- OP (Minor road/ “Ondergeskikte pad”) – small road and mainly connects agricultural communities
