

## DOI - Transport Infrastructure – for 2024/06/14 @ 09:00

### Highlight since our last report

A number of roads have been reopened, most notably Meiringspoort. This means all main transport routes are now open. Road users are reminded that the speed limit has been reduced in Meiringspoort. Road users will be traveling through an active construction site and we ask that road users are patient and keep an eye out for our teams working on the road. The restrooms will not be available due to flood damage.

This is the final daily report for this round of weather-related transport infrastructure damage.

### Safety notice for all road users

Please obey all road signs – they are there for very good reasons. If you are driving and come across flooded roads, please take great care. If the water is too deep for you to see the roadway, turn around and take another route. Where roads are underwater, the roadway may have been damaged or washed away. There may be obstacles under the water you cannot see. Water flow may be strong enough to wash your vehicle away. Keep yourself and your loved ones safe on the road.

### Legend for colour-coding

- **Red:** Closed
- **Orange:** One lane/Partially open
- **Blue:** Local access only
- **Green:** status changed to Open

### Overberg District Municipality

- R316, TR29/1, Bredasdorp/Napier road
- R316, TR29/2, Arniston road
- R317, MR265, Stormsvlei road
- R319, MR261, Struisbaai road
- R319, MR264, Bredasdorp/Swellendam road
- DR1205, Elim/Struisbaai road
- DR1207, Prinskraal/De Mond road
- DR1209, Wiesdrift road
- DR1211, Baardskeerdersbos to Pearly Beach
- DR1212, Droëmelkbos road (Arniston-Struisbaai link)
- DR1213, Kleiheuwel road (Arniston-Struisbaai link)
- DR1216, Boskloof road
- DR1217, Elim/JanSwartskraal road
- DR1218, Papiessvlei road, Stanford
- DR1219, Elim/Napier road
- DR1220, Avoca road
- DR1223, Ou Plaas road

- MR 546 Konaquas berg Lutzville
- DR1487, Uitkyk Pass
- DR2182, Algeria to Clanwilliam
- OP7608, at Moravia Bergrivier overtopping

### Cape Winelands District Municipality

- DR1098, Protea road
- DR1398, Slanghoek road - Low water structure over Breede River
- DR1341, Die Plaat road
- DR1397, Merwe Street

### Cape Town

- Chapmans peak

### Tips in times of high rainfall/floods

- If you live in a low-lying area, you may be affected by sudden floods. Monitor the rising water levels and evacuate earlier rather than later to higher spot which may be safer
- When driving on a road, avoid driving through flooded areas
- Avoid crossing low-lying bridges, streams, rivers and causeways – never cross flooded roads or bridges
- No matter how shallow, do not try to swim, walk or drive through fast flowing water
- Monitor weather alerts in the media (TV and radio)
  - Only trust social media posts from reputable sources and be aware of fake news
- Keep important documents in water-resistant containers

- Ensure that your mobile phone is charged and close to you in case you need to make or receive emergency calls

### **Legend for road naming conventions**

Names and number of roads are linked to the **route** or **road class**.

For ease of reference, this report mentions route numbers, road number and the name it is locally known as.

#### *Route numbers*

- An "N"-route is a national route
- An "R"- route is a regional/provincial route

#### *Provincial Road Number*

- TR (Trunk Road/ "Grootpad")
- MR (Main Road/ "Hoofpad")
- DR (Divisional Road/ "Afdelingspad")
- OP (Minor road/ "Ondergeskikte pad") – small road and mainly connects agricultural communities
